

# **Part of the user requirements not added**

---

## **1. Payment Gateway Integration**

Add a secure payment gateway like Razorpay or Stripe so students can pay event fees online. This makes payment and registration faster, safer, and easier without screenshots.

## **2. Scoreboard Winners**

Display winners, rankings, and scores for completed events on a scoreboard page. This increases transparency and simplifies results viewing.

## **3. Attendance QR Scanner App**

Organizers can use a QR scanner or mobile app to quickly scan participant check-ins during events.

## **4. Bookmark Events**

Students can bookmark or save interesting events for quick access later.
